Used Oil/ Hazardous waste Conference:

The conference is scheduled for the week of April 6-10, 2015 in Los Angeles. Three members of the Programs team will be attending, funded principally by the active Used Oil Grant. The Programs Manager will be instructing a emergency response planning session. In addition, he will participate in a break out gauging the problems with accepting materials related to large scale marijuana cultivation, site mitigation, and soliciting mobile event participation from producers in rural areas.

Recycling and AB 939 contract efforts:

HWMA staff are continuing dialogue with Eagle Prairie Elementary and Middle School officials to help with on-campus recycling efforts. This will assist the City of Rio Dell in achieving an increased diversion of recyclable materials and raise container recycling awareness among student and staff. Grant monies from the CA Dept of Commerce Can and Bottle Grant will be targeted to improving the recycling bin staging area on campus. The City of Rio Dell staff is kindly assisting in this effort.
