

**ADDENDUM NO. 1  
TO THE REQUEST FOR BIDS FOR  
Organics Scales**

The Request for Bids (RFB) documents shall be revised by additions to, deletion from and changes as stated in this addendum; insofar as original documents are in variance with this Addendum, this Addendum shall govern. Please note the following changes are hereby incorporated, with requested documents attached and available by link.

**Responses to Written Questions:**

**Q1. Can Weighbar Technology be used instead of Load cells**

*Yes. Weighbars may be used in place of Load cells, so long as they meet the minimum specs required of loadcells in the RFB specifications.*

**Q2. Will the concrete foundation be provided for scale placement.**

*Yes, Once the bidder is awarded and scale model and type determined, The HWMA will contract and provide Foundation for scale to be placed.*

**Q3. Can Exceptions or alterations be made to the specs for like or equivalent products.**

*Yes, Exceptions or alterations can be proposed by the bidder so long as the proposed alternatives meet the minimum requirements of the proposed specs.*

**Q4. Can we request an extension to the question-and-answer period.**

*Yes, in light of the simplification of required scale specs, questions will be accepted until Wednesday May 6 at 4pm, answers will be provided Thursday May 7 by 10am.*

*Additionally, the bid closing date has been extended as well. Bids will now be accepted no later than 3pm Monday May 11.*
